Advanced Scuba Diver Certification

Course Overview

This course is a continuing education course consisting of 5 to 6 instructor lead dives for Open Water certified divers. It is an enjoyable instructor supervised program of instruction conducted in the open water setting and is designed to introduce scuba divers to a variety of different diving activities and conditions.

Cost is \$149.00

Price includes: lectures, instructor fees, certification card and pool training (see note). **Price does not include:** Dive fees (\$15/Lake & \$65/Boat), books, equipment (scuba cylinder w/air or Nitrox, regulator, buoyancy compensator, dive instruments to include compass, dive lights) or your basic equipment (mask, fins, snorkel, weight belt w/weights, dive bag and exposure suit), travel expenses, lodging or meals.

Course Curriculum (flexible)

Phase I (Lecture/pool)

- Wednesday (6pm-10pm): Advanced Scuba Diving lecture (bring all of your dive gear)
- Saturday (9am-1pm): Pool training (if needed)

Phase II ((5 dives (PADI) or 6 dives (NAUI))

- Sunday (7am-6pm): Dives 1-3 (navigation, peak buoyancy & search/recovery) @ Lake Denton (LD)
- Saturday (12pm-6pm): Dives 4&5 (deep and drift) @ Boynton Beach (Loggerhead Dive Charters). Naui advanced certification requires and additional night dive, which we can do that evening if conditions permit.

Course Dates (June-Aug 2010)

Phase I (Lecture/Pool)

- June 9 or 16/12 or 19
- July 7 or 14/10 or 17
- August 4 or 11/7 or 14

Phase II (Dives)

- June 13 or 20 (LD), 26 (Ocean)
- July 11 or 18 (LD), 24 (Ocean)
- August 8 or 15 (LD), 21 (Ocean)

Note: Pool training is not mandatory. If you have not been diving in the last year we require you to attend a pool session to refresh your skills. If your medical condition has changed since your initial certification you need to inform your doctor that you intend to resume scuba diving. You will need to come in and pick up your books as soon as possible because there is homework that needs to be completed prior to class.

COMBINE THE NITROX COURSE WITH THE ADVANCED COURSE AND SAVE THE COST OF THE NITROX DIVES.
