

ST. LUCIA

JULY 07-14, 2013

ANSE CHASTANET

\$2,959.00 per person double occupancy

Anse Chastanet encompasses 600 lush tropical acres bordering two soft sand beaches. Not only do you get a World Heritage Site anchored by the twin peaks on land, the resort's two crystal-clear bays are part of a designated marine reserve protecting miles of colorful coral reefs teeming with tropical fish.

The resort is in the heart of St. Lucia's very best diving. SCUBA ST. LUCIA is located at the south end of ANSE CHASTANET beach.. Perfectly set up for both beach and boat dives, The Shop offers guests gear storage; a well equipped scuba store; rental dive gear and an underwater Photo and Video Center.

The Anse Chastanet reef starts just 10 yards beyond the water's edge. The reef's remarkable ecosystem offers an amazing profusion of unusual tropical marine life, in 20 to 140 feet of calm, clear water. Anse Chastanet Reef which is home to more than 150 different species of fish makes for an amazing dive day or night. In the shallow areas be sure to keep your eyes open for peacock flounders, octopus, needle fish and turtles. Or drop down a little deeper over dense coral growth to see puffers, moray eels, parrot fish, lobsters and even sea horses. The boat dives - dramatic walls beneath the majestic Piton Mountains, Superman's flight, a drift dive in the shadow of the Petit Piton, Coral Gardens and Jalousie under the Gros Piton, Piton Wall, the wreck of the "Lesleen M", Anse La Raye and Anse Cochon. Closer to home for the afternoon boat trips but no less spectacular sites, the diver can explore Fairyland, Turtle Reef, Grand Caille, Trou Diable, the Pinnacles and much more...

By the way, while you are there, make time to visit the terrestrial delights of the island, including near by wonders such as the Sulphur Springs, Diamond Waterfall and Mineral Baths, the Rain Forest and, of course, a closer view of the twin volcanic spires known as the Pitons.
